

Date \_\_\_\_\_

Name \_\_\_\_\_

Company \_\_\_\_\_

I am ready to join the Wisconsin Forest Stewardship Plan Project. I understand that the project will send landowner information to allow me to contact and work with the landowner to write a Forest Stewardship Plan for their property. The WisFIRS Stewardship plan template will be used to write and complete the plan for submission.

I am committing to write up to \_\_\_\_\_ forest stewardship plans for the project each calendar year, for the duration of the project (2-3 years). The plan will be completed by December 1. amount of time. The actual number of plans completed will be dependent on the number of landowner requests, acreage, and where properties are located.

I am willing to write plans in the following counties:

---

---

---

---

After I complete the forest stewardship plan, I will invoice the DNR to receive payment. The project will pay \$500 per plan and \$9 per acres. Properties will be between 10-500 acres.
